

## Ratpack Archers Newsletter April 2019

### A27 UPDATE

Late Summer 2019 - Further options  
consultation

2020 - New preferred route  
announcement

2020 - Statutory consultation on  
preferred route

2021 - Submit Planning Application

2022 - Start Construction.

We have bought some more foam which  
are being made into 16 new 3D targets.  
These will go out on Blue course where  
we intend to create an all foam 3D  
course. This should be completed by  
Friday 5<sup>th</sup> April

This target which  
was on Blue is  
called "Donald  
Duck". We leave it  
to you to work out  
why

Yet again, someone has been using blunts at our targets. Not only do they punch large holes in the faces and bosses, it contravenes NFAS Shooting Rule 17. "Arrows which unduly damage targets, such as broadheads, bodkins, turbo points and **BLUNTS** are not permitted." Anybody caught using these types of arrows will have their membership of Ratpack rescinded and will be reported to NFAS.

### REMEMBER

If you have not paid your NFAS  
and Ratpack subs, you can no  
longer shoot at the club from  
01 April and will be asked to  
leave

For those of you who were  
unable to attend the AGM, your  
Committee Members for 2019 are:

Gary Snook – Chairman  
Andy Millard – Treasurer  
Peter Parker – Secretary  
Ken Lewry – Executive Officer.

We also voted on two new non  
executive officers to help with the  
running of the club and who will  
hopefully take it over one day.  
Richard Cobden / Jack Ricketts.

### CLUB CHAMPS

The 2019 Club Champs will be a  
slightly different format from last  
year.

2 x Big Game Round  
2 x Woodsman Round (at 3D  
targets)

You must put in 1 Big Game and  
1 Woodsman score shooting the  
same Classification to be  
entered.

Dates are:

Sun 23 June – Big Game  
Sat 17 Aug – Woodsman + BBQ  
Sat 23 Nov – Big Game  
Sun 16 Feb - Woodsman

This years competition season has got off to a good start with Ratpack archers winning 5 medals at last weeks Magna Carta Shoot.
