A27 Update

Binsted Residents have withdrawn their court case as Highways England have agreed to a new consultation period during 2019

Blue course has been relaid with six new targets created and painted by Christine. Please follow the arrows.

**There are also four new targets on Green.
This is a picture of two of the targets**

**You can get your NFAS 2019/2020 cards from the 3rd January 2019. Go online to nfas.net to apply.
You CANNOT rejoin Ratpack until you have your new NFAS cards.**

Aim Archery in Battle ceased trading in October. That leaves Quicks Archery in Waterlooville as our nearest shop.

**Some club members have been moving targets, pegs or cutting down branches.
If you do not like the positioning of some of the targets please contact a committee member to discuss it.
One target that had been moved caused a problem with the overshoot area.**
