

Ratpack Archers Newsletter February 2018

Be careful as both Red and Blue Courses are very muddy and slippery at the moment as this photo of Andy proves.

This years AGM will be on Friday 23rd Feb
Oystercatcher , Yapton Road, Climping, BN17 5RU.

Start time is 1900.

Do not be late, it normally only lasts about 30 minutes.

The cost of your subs will be discussed at the meeting
and we will give you any update we have on the
proposed Arundel Bypass.

Recently some people were spotted in the woods doing a "bat survey", They must have permission from the club to allow them access. If you have not had an email stating that they will be in the woods and the courses are closed, please ask them to leave and advise Andy.

The tombstone has returned (thanks Ken). You may notice other targets appearing and disappearing for a while. As fewer club members shoot during the winter we like to take the opportunity to repair any damaged targets. We will return them as soon as they have been fixed.

GREEN course will be closed Tuesday 13th Feb and Wednesday 14th Feb for re-design . Blue and Red will remain open. If you can assist on the Tues, please let Peter or Andy know. Start time is 0900 and bacon rolls will be provided.

The final round of the Club 3D Champs will be on Saturday 17th February. Start time at 1000

Do NOT shoot blunts on the courses as they damage the bosses.
